Preface

The Nine Year Plan has reached the halfway point. It is befitting, therefore, to summarize the progress of the Cause at this time. This statistical survey demonstrates the gains made throughout the Bahá'í world. It also presents in sharp relief the remaining goals to be achieved in the irresistible march of the Cause of God. For all Bahá'ís in addition to those whose task it is to administer the efforts of the Faith, this small book will provide a constant reference and a source of satisfaction, showing as it does the growth of a world-encompassing religion destined to transform society.

WORLD CENTRE GOALS

1. PUBLICATION OF A SYNOPSIS AND CODIFICATION OF THE KITÁB-I-AQDAS

In Progress.

2. FORMULATION OF THE CONSTITUTION OF THE UNIVERSAL HOUSE OF JUSTICE

Preliminary drafts and studies have been made.

3. DEVELOPMENT OF THE INSTITUTION OF THE HANDS OF THE CAUSE OF GOD, IN CONSULTATION WITH THE BODY OF THE HANDS OF THE CAUSE, WITH A VIEW TO THE EXTENSION INTO THE FUTURE OF ITS APPOINTED FUNCTIONS OF PROTECTION AND PROPAGATION

The relationship between the Hands of the Cause and the Universal House of Justice has been progressively clarified. The sphere of action of the Hands has been made intercontinental. Continental Boards of Counsellors have been established and appointed. The number of Auxiliary Board Members has been increased.

4. CONTINUED COLLATION AND CLASSIFICATION OF THE BAHÁ'Í SACRED SCRIPTURES AS WELL AS THE WRITINGS OF SHOGHI EFFENDI

Work is progressing continuously at the World Centre and by a committee specially appointed in Persia by the National Spiritual Assembly.

5. CONTINUED EFFORTS DIRECTED TOWARDS THE EMANCIPATION OF THE FAITH FROM THE FETTERS OF RELIGIOUS ORTHODOXY AND ITS RECOGNITION AS AN INDEPENDENT RELIGION

In three European countries, Finland, Iceland and Italy, the institutions of the Faith have been recognized as those of an independent religion and have been granted all the privileges that such recognitions permit.

Persia - A file is being built up documenting repeated cases of discrimination and persecution against Bahá'ís. The National Spiritual Assembly has taken a number of official actions to bring the situation to the attention of those in authority. Advantage was taken of the U. N. Non-Governmental Organizations Conference on Human Rights in Ṭihrán to have all National Spiritual Assemblies write to the Sháh. Officials in the Human Rights Department of the United Nations have been informed of the situation.

Morocco - Once again a Bahá'í has been imprisoned because of his faith. Active steps are being taken to obtain his release upon appeal.

Turkey - A number of Bahá'ís have obtained a court ruling permitting them to change their birth certificates from "Muslim" to "Bahá'í".

Malaysia - In Selangor Province in 1966 a bill was introduced which would have resulted in the banning of the Cause in that province. Prompt intervention by the Bahá'ís to explain the true character of the Faith brought about the abandonment of the bill.

6. and 7. THE PREPARATION OF A PLAN FOR THE BEFITTING DEVELOPMENT AND BEAUTIFICATION OF THE ENTIRE AREA OF BAHÁ'Í PROPERTY SURROUNDING THE HOLY SHRINES - THE EXTENSION OF EXISTING GARDENS ON MOUNT CARMEL

The area of the Bahá'í properties on Mount Carmel and in 'Akká approaches 550,000 square metres. Much less than half of this has been developed into gardens, therefore any plan will take many years to implement.

An initial concept for the development of the gardens on Mount Carmel has been made by a distinguished Bahá'í architect. In the course of this work a photogrammetric survey was made. Work is in hand for the preparation of a Town Planning Scheme for the area which will permit the development of the property in accordance with the wishes of the Guardian.

The gardens in Bahjí have been extended over a further 25,000 square metres by the addition of a second quadrant similar to the Ḥaram-i-Aqdas.

8. DEVELOPMENT OF THE RELATIONSHIP BETWEEN THE BAHÁ'Í COMMUNITY AND THE UNITED NATIONS

A permanent representative of the Bahá'í International Community has been appointed, with an office in New York, responsible directly to the Universal House of Justice. Application has been filed to change from observer status to consultative status.

9. THE HOLDING OF INTERCONTINENTAL AND OCEANIC CONFERENCES

Six Intercontinental Conferences were held in October 1967 to mark the centenary of the sounding of the opening notes of the Proclamation of Bahá'u'lláh: in Chicago, Frankfurt, Kampala, New Delhi, Panama City and Sydney.

The first Oceanic Conference was held in Palermo in August 1968 to mark the centenary of the sailing of Bahá'u'lláh upon the Mediterranean Sea, and was followed by the commemoration in Bahjí of the arrival of Bahá'u'lláh in the Holy Land.

10. COORDINATION OF WORLD-WIDE PLANS TO COMMEMORATE IN 1967/68 THE CENTENARY OF BAHÁ'U'LLÁH'S PROCLAMATION TO THE KINGS AND RULERS WHICH CENTERED AROUND HIS REVELATION OF THE SÚRIY-I-MULÚK IN ADRIANOPLE

Six Hands of the Cause of God were designated to visit the site of the House of Bahá'u'lláh in Adrianople in September 1967 as representatives of the entire Bahá'í world, and then proceed to the six Intercontinental Conferences as special representatives of the Universal House of Justice.

A compilation of Bahá'u'lláh's Messages of Proclamation was made for presentation to all Heads of State.

Guidance and materials were provided for national proclamation plans.

* Violent earthquakes in 1948 seriously damaged the building. It was reported in 1963 that the authorities had demolished what was left of the structure for the safety of the houses in the vicinity.

BAHÁ'Í TEMPLES TO BE CONSTRUCTED

ṬIHRÁN, PERSIA

The construction of the Bahá'í Temple in Ṭihrán, an unfulfilled goal of the Ten Year Crusade, was carried over as a goal of the Nine Year Plan. Pending circumstances propitious to its erection the National Spiritual Assembly of Persia has built a wall around the extensive Temple property, surveyed the land, and located the site of the future structure. A special committee of Bahá'í architects and engineers is currently working on detailed plans and models of the Temple, whose design was approved by the beloved Guardian, and is preparing building cost estimates both for the original plan and for an edifice of reduced scale.

PANAMA CITY, PANAMA

In 1966 the original purchase was exchanged for another property of 25,570 square meters nearby. An access road was constructed from the highway to the Temple site in time for the Cornerstone laying by Amatu'l Bahá Ruḥíyyih Khánum in October 1967. At the same time an additional 92,160 square meters of land were acquired immediately adjacent to the site. All plans and specifications are being finalized by the architect in collaboration with the technical consultants, with the expectation that construction will begin in early 1969. Completion of the Temple during 1971 is considered feasible.
